Provision of two doses of COMIRNATY – COVID 19 mRNA vaccine (Nucleoside modified – Pfizer BNT) to any individual aged 20 years and above for purposes of international travel

It has been brought to my notice that there is a considerable demand for two doses of the Pfizer vaccine among those seeking to travel abroad for various purposes including employment, academic activities or quarantine exemption.

It is recommended to give two doses of the Pfizer vaccine to any individual aged 20 years and above, awaiting international travel, irrespective of the type or number of doses of the primary vaccination, adhering to the guidelines stipulated in the letter dated 09.12.2021, No: DGHS/COVID – 19/347/2021.

Please bring the contents of this letter to the attention of relevant officers in your institution/ province/ district.
